

Middlesex-London
**Baby-Friendly
Initiative**

We believe **breastfeeding**
is important.

As a Baby-Friendly organization:

- ♥ We welcome all families.
- ♥ We train our staff to protect, promote and support breastfeeding.
- ♥ We work with you to make decisions about feeding your baby.
- ♥ We welcome you to breastfeed here.
- ♥ We work with our community to support breastfeeding in Middlesex-London.

The **Baby-Friendly Initiative** is a world-wide strategy that sets standards for infant feeding. It is currently being put into action in health units across Ontario
