"Up in Smoke"

Effects of Parental Marijuana Use on Child Developmental Outcomes- Preconception, Prenatal and Early Years

April 22nd, 2015

12:30 pm-5:00 pm

Central Branch of the London Public Library,
251 Dundas St., London,

3 Mainpro-C credits

**THE MIDDLESEX-LONDON COMMUNITY EARLY
YEARS HEALTH CARE PROVIDER CHAMPION
COMMITTEE**

This **Mainpro® C** interactive workshop will provide participants with a deeper understanding of the impact of parental marijuana use on child developmental outcomes.

Learning Objectives

1. Participants will become familiar with the latest research findings regarding the long-term and short-term effects of parental marijuana use on children
2. Participants will become familiar with substance abuse screening strategies that can be used universally during the preconception, prenatal and early years
3. Participants will become familiar with harm reduction strategies that can be used when dealing with marijuana users during the preconception, prenatal and early years periods
4. Participants will become familiar with local community services available to support people using marijuana during the preconception, prenatal and early years periods

This event has been organized by the Middlesex-London Health Care Provider Champion Committee, with special thanks to:

Dr. Bhooma Bhayana	Julie German, NP
Dr. Jane Gloor	Jon Lorch, NP
Dr. Laura Lyons	Joanne Simpson, RN, PHN
Dr. Jennifer McLean	Brooke Clark
Dr. Jamie Wickett	Ruby Brewer
Dr. Pam Frid	Tracey Gordon
	Julie Brandl
