<i>Minimum</i>	<i>46.7</i>
<i>Maximum</i>	<i>95.8</i>

**NOTES**

† Includes employees who receive a direct paycheck from the facility, regardless of clinical responsibility or patient contact. Where available, this also includes licensed practitioners such as physicians, nurse practitioners, etc., who do not receive a paycheck directly from the facility.

\* Excludes physicians. In long-term care homes, the majority of the staff complement is employees of the facility, with physicians accounting for a relatively small portion of the overall staff complement.

\*\* Median is the middle number among all numbers when they are ordered from lowest to highest. Half of the long-term care homes have percentages above this value, and half of the long-term care homes have percentages below this value.
