

Summary of COVID-19 cases in Middlesex-London

Last updated: 2023-04-04 12:00 PM

The data in this dashboard represent a snapshot in time and are subject to change as the public health investigations into reported cases continue. The number of cases reported on any given day may change as cases may be referred between jurisdictions or, following further investigation, individuals may no longer meet the case definition. The data shown here may differ from other sources as data may be extracted at different times. **Please note: The dashboard will be updated next on Wednesday, April 12, 2023 at 12:00 PM.**
