4	Audit highlights	5	Status of the audit	6	Uncorrected audit misstatements
8	Control deficiencies	9	Additional matters	10	Audit quality
11	Appendices				

The purpose of this report is to assist you, as a member of the Board, in your review of the results of our audit of the financial statements as at and for the period ended **December 31, 2022**. This report is intended solely for the information and use of Management, and the Board of Directors and should not be used for any other purpose or any other party. KPMG shall have no responsibility or liability for loss or damages or claims, if any, to or by any third party as this report has not been prepared for, and is not intended for, and should not be used by, any third party or for any other purpose.

Audit highlights

Status of the audit

We have completed the audit of the financial statements ("financial statements"), with the exception of certain remaining outstanding procedures, which are highlighted on slide 5 of this report.

Audit risks and results – significant risks

The presumed fraud risk from revenue recognition has been rebutted as it is not considered applicable to Middlesex-London Health Unit where performance is not measured based on revenue or profits.

No matters to report based on procedures performed to address the presumed fraud risk from management override of controls.

Uncorrected audit misstatements

Professional standards require that we request of management that all identified audit misstatements be corrected. We have already made this request of management. See slides 6.

Corrected audit misstatements

No matters to report.

Significant unusual transactions

No matters to report.

Control deficiencies

We did not identify any control deficiencies that we determined to be significant deficiencies in internal control over financial reporting. See slide 8 for certain required communications regarding control deficiencies.

Materiality

Materiality of \$1,080,000 (2021 - \$1,177,000) was determined based on preliminary total expenses, resulting in an audit posting threshold of \$54,000 (2021 - \$58,850). A threshold of \$216,000 has been used for reclassification misstatements in the current year.

Status of the audit

As of July 3, 2023 we have completed the audit of the financial statements, with the exception of certain remaining procedures, which include:

- Journal entry testing
- Review of lease commitment schedule
- Final review and documentation of audit file
- Receipt of the signed management representation letter
- Completing our discussions with the Board of Directors, and
- Obtaining evidence of the Board of Directors' approval of the financial statements

We will update the Board of Directors, and not solely the Chair, on significant matters, if any, arising from the completion of the audit, including the completion of the above procedures.

Our auditor's report will be dated upon the completion of any remaining procedures.

Uncorrected audit misstatements

Uncorrected audit misstatements include financial presentation and disclosure omissions.

Impact of uncorrected audit misstatements – Not material to the financial statements

The management representation letter includes the Summary of Uncorrected Audit Misstatements, which discloses the impact of all uncorrected misstatements considered to be other than clearly trivial. Based on both qualitative and quantitative considerations, management have decided not to correct certain misstatements and represented to us that the misstatements—individually and in the aggregate—are, in their judgment, not material to the financial statements. This management representation is included in the management representation letter.

We concur with management's representation that the uncorrected misstatements are not material to the financial statements. Accordingly, the uncorrected misstatements have no effect on our auditor's report.

Below is a summary of the impact of the uncorrected misstatement:

Other revenue – disclosure misstatement

We noted that there was a change in the grouping of elements making up other revenue in the notes to the financial statement. This did not result in a change in the overall other revenue amount

Control deficiencies

Consideration of internal control over financial reporting (ICFR)

In planning and performing our audit, we considered ICFR relevant to the Entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on ICFR.

Our understanding of internal control over financial reporting was for the limited purpose described above and was not designed to identify all control deficiencies that might be significant deficiencies. The matters being reported are limited to those deficiencies that we have identified during the audit that we have concluded are of sufficient importance to merit being reported to those charged with governance.

Our awareness of control deficiencies varies with each audit and is influenced by the nature, timing, and extent of audit procedures performed, as well as other factors. Had we performed more extensive procedures on internal control over financial reporting, we might have identified more significant deficiencies to be reported or concluded that some of the reported significant deficiencies need not, in fact, have been reported.

A deficiency in internal control over financial reporting

A deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed, or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

Significant deficiencies in internal control over financial reporting

A significant deficiency in internal control over financial reporting is a deficiency, or combination of deficiencies, in internal control that, in the auditor's professional judgment, is of sufficient importance to merit the attention of those charged with governance.

Other financial reporting matters

We also highlight the following:

Financial statement presentation - form, arrangement, and content

No matters to report.

Concerns regarding application of new accounting pronouncements

See details in appendices relating to upcoming changes in Public Sector Accounting Standards. Disclosure has been included in the financial statements (Note 1(k)) on those changes that are likely to have an impact on Middlesex-London Health Unit. No concerns noted.

Significant qualitative aspects of financial statement presentation and disclosure

No matters to report.

Audit quality: How do we deliver audit quality?

Quality essentially means doing the right thing and remains our highest priority. Our **Global Quality Framework** outlines how we deliver quality and how every partner and staff member contributes to its delivery.

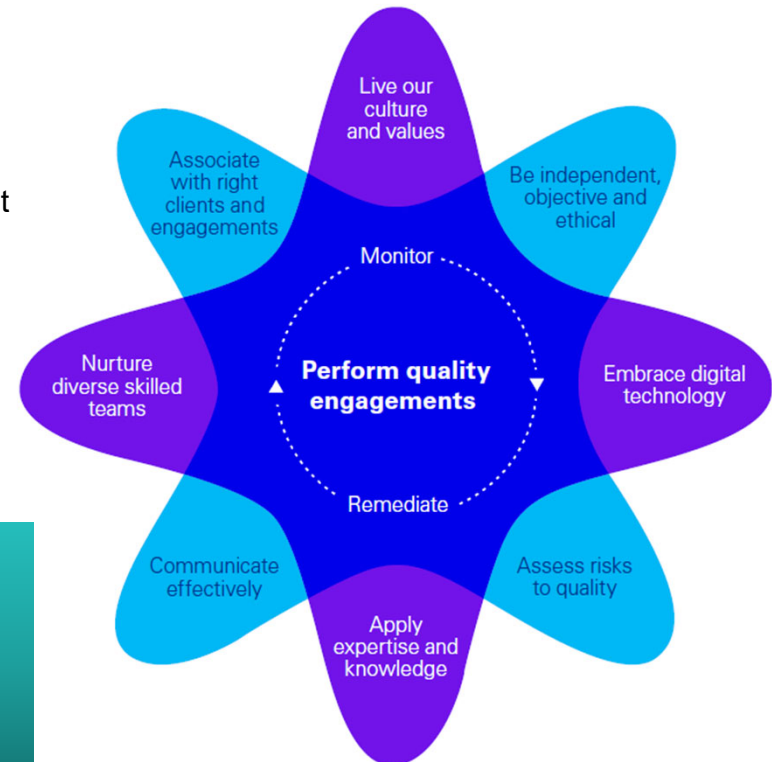

Perform quality engagement sits at the core along with our commitment to continually monitor and remediate to fulfil on our quality drivers.

Our **quality value drivers** are the cornerstones to our approach underpinned by the **supporting drivers** and give clear direction to encourage the right behaviours in delivering audit quality.

[!\[\]\(95b425611cbd2b8716a140cf67c81822_img.jpg\) KPMG 2022 Audit Quality and Transparency Report](#)

We define 'audit quality' as being the outcome when:

- audits are **executed consistently**, in line with the requirements and intent of **applicable professional standards** within a strong **system of quality controls**; and
- all of our related activities are undertaken in an environment of the utmost level of **objectivity, independence, ethics and integrity**.

July 20, 2023

Ladies and Gentlemen:

We are writing at your request to confirm our understanding that your audit was for the purpose of expressing an opinion on the financial statements (hereinafter referred to as “financial statements”) of Middlesex-London Health Unit (“the Entity”) as at and for the period ended December 31, 2023.

General:

We confirm that the representations we make in this letter are in accordance with the definitions as set out in [Attachment I](#) to this letter.

We also confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves:

Responsibilities:

- 1) We have fulfilled our responsibilities, as set out in the terms of the engagement letter dated January 1, 2023 for:
 - a) the preparation and fair presentation of the financial statements and believe that these financial statements have been prepared and present fairly in accordance with the relevant financial reporting framework.
 - b) providing you with all information of which we are aware that is relevant to the preparation of the financial statements (“relevant information”), such as financial records, documentation and other matters, including:
 - (i) the names of all related parties and information regarding all relationships and transactions with related parties;
 - (ii) the complete minutes of meetings, or summaries of actions of recent meetings for which minutes have not yet been prepared, of shareholders, board of directors and committees of the board of directors that may affect the financial statements. All significant actions are included in such summaries.
 - c) providing you with unrestricted access to such relevant information.
 - d) providing you with complete responses to all enquiries made by you during the engagement.
 - e) providing you with additional information that you may request from us for the purpose of the engagement.
 - f) providing you with unrestricted access to persons within the Entity from whom you determined it necessary to obtain audit evidence.
 - g) such internal control as we determined is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. We also acknowledge and understand that we are responsible for the design, implementation and maintenance of internal control to prevent and detect fraud.
 - h) ensuring that all transactions have been recorded in the accounting records and are reflected in the financial statements.

- i) ensuring that internal auditors providing direct assistance to you, if any, were instructed to follow your instructions and that we, and others within the entity, did not intervene in the work the internal auditors performed for you.

Internal control over financial reporting:

- 2) We have communicated to you all deficiencies in the design and implementation or maintenance of internal control over financial reporting of which we are aware.

Fraud & non-compliance with laws and regulations:

- 3) We have disclosed to you:
 - a) the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 - b) all information in relation to fraud or suspected fraud that we are aware of that involves:
 - management;
 - employees who have significant roles in internal control over financial reporting; or
 - otherswhere such fraud or suspected fraud could have a material effect on the financial statements.
 - c) all information in relation to allegations of fraud, or suspected fraud, affecting the financial statements, communicated by employees, former employees, analysts, regulators, or others.
 - d) all known instances of non-compliance or suspected non-compliance with laws and regulations, including all aspects of contractual agreements, whose effects should be considered when preparing financial statements.
 - e) all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements.

Subsequent events:

- 4) All events subsequent to the date of the financial statements and for which the relevant financial reporting framework requires adjustment or disclosure in the financial statements have been adjusted or disclosed.

Related parties:

- 5) We have disclosed to you the identity of the Entity's related parties.
- 6) We have disclosed to you all the related party relationships and transactions/balances of which we are aware.
- 7) All related party relationships and transactions/balances have been appropriately accounted for and disclosed in accordance with the relevant financial reporting framework.

Estimates:

- 8) The methods, the data and the significant assumptions used in making accounting estimates, and their related disclosures are appropriate to achieve recognition, measurement or disclosure that is reasonable in the context of the applicable financial reporting framework.

Going concern:

- 9) We have provided you with all information relevant to the use of the going concern assumption in the financial statements.

- 10) We confirm that we are not aware of material uncertainties related to events or conditions that may cast significant doubt upon the Entity's ability to continue as a going concern.

Non-SEC registrants or non-reporting issuers:

- 11) We confirm that the Entity is not a Canadian reporting issuer (as defined under any applicable Canadian securities act) and is not a United States Securities and Exchange Commission ("SEC") Issuer (as defined by the Sarbanes-Oxley Act of 2002). We also confirm that the financial statements of the Entity will not be included in the group financial statements of a Canadian reporting issuer audited by KPMG or an SEC Issuer audited by any member of the KPMG organization.

Yours very truly,

MIDDLESEX-LONDON HEALTH UNIT

David Jansseune, Assistant Director of Finance

Attachment I – Definitions

Materiality

Certain representations in this letter are described as being limited to matters that are material.

Information is material if omitting, misstating or obscuring it could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Judgments about materiality are made in light of surrounding circumstances, and are affected by perception of the needs of, or the characteristics of, the users of the financial statements and, the size or nature of a misstatement, or a combination of both while also considering the entity's own circumstances.

Fraud & error

Fraudulent financial reporting involves intentional misstatements including omissions of amounts or disclosures in financial statements to deceive financial statement users.

Misappropriation of assets involves the theft of an entity's assets. It is often accompanied by false or misleading records or documents in order to conceal the fact that the assets are missing or have been pledged without proper authorization.

An error is an unintentional misstatement in financial statements, including the omission of an amount or a disclosure.

Related parties

In accordance with Accounting Standards for Not-for-Profit Organizations a *related party* is defined as:

- Related parties exist when one party has the ability to exercise, directly or indirectly, control, joint control or significant influence over the other. Two or more parties are related when they are subject to common control, joint control or common significant influence. Two not-for-profit organizations are related parties if one has an economic interest in the other. Related parties also include management and immediate family members.

In accordance with Accounting Standards for Not-for-Profit Organizations a *related party transaction* is defined as:

- A related party transaction is a transfer of economic resources or obligations between related parties, or the provision of services by one party to a related party, regardless of whether any consideration is exchanged. The parties to the transaction are related prior to the transaction. When the relationship arises as a result of the transaction, the transaction is not one between related parties.

Appendix: Upcoming changes to accounting standards

Standard	Summary and implications
Asset retirement obligations	<ul style="list-style-type: none"> • The new standard PS 3280 <i>Asset retirement obligations</i> is effective for fiscal years beginning on or after April 1, 2022. • The new standard addresses the recognition, measurement, presentation and disclosure of legal obligations associated with retirement of tangible capital assets. Retirement costs will be recognized as an integral cost of owning and operating tangible capital assets. • The asset retirement obligations (“ARO”) standard will require the public sector entity to record a liability related to future costs of any legal obligations to be incurred upon retirement of any controlled tangible capital assets (“TCA”). The amount of the initial liability will be added to the historical cost of the asset and amortized over its useful life if the asset is in productive use. • As a result of the new standard, the public sector entity will: <ul style="list-style-type: none"> • Consider how the additional liability will impact net debt, as a new liability will be recognized with no corresponding increase in a financial asset; • Carefully review legal agreements, senior government directives and legislation in relation to all controlled TCA to determine if any legal obligations exist with respect to asset retirements; • Begin considering the potential effects on the organization as soon as possible to coordinate with resources outside the finance department to identify ARO and obtain information to estimate the value of potential ARO to avoid unexpected issues.

Appendix: Upcoming changes to accounting standards

Standard	Summary and implications
Financial instruments and foreign currency translation	<ul style="list-style-type: none"> • The new standards PS 3450 <i>Financial instruments</i>, PS 2601 <i>Foreign currency translation</i>, PS 1201 <i>Financial statement presentation</i> and PS 3041 <i>Portfolio investments</i> are effective for fiscal years beginning on or after April 1, 2022. • Equity instruments quoted in an active market and free-standing derivatives are to be carried at fair value. All other financial instruments, including bonds, can be carried at cost or fair value depending on the public sector entity's choice and this choice must be made on initial recognition of the financial instrument and is irrevocable. • Hedge accounting is not permitted. • A new statement, the Statement of Remeasurement Gains and Losses, will be included in the financial statements. Unrealized gains and losses incurred on fair value accounted financial instruments will be presented in this statement. Realized gains and losses will continue to be presented in the statement of operations. • PS 3450 <i>Financial instruments</i> was amended subsequent to its initial release to include various federal government narrow-scope amendments.
Revenue	<ul style="list-style-type: none"> • The new standard PS 3400 <i>Revenue</i> is effective for fiscal years beginning on or after April 1, 2023. • The new standard establishes a single framework to categorize revenue to enhance the consistency of revenue recognition and its measurement. • The standard notes that in the case of revenue arising from an exchange transaction, a public sector entity must ensure the recognition of revenue aligns with the satisfaction of related performance obligations. • The standard notes that unilateral revenue arises when no performance obligations are present, and recognition occurs when there is authority to record the revenue and an event has happened that gives the public sector entity the right to the revenue.

Appendix: Upcoming changes to accounting standards

Standard	Summary and implications
Purchased Intangibles	<ul style="list-style-type: none"> • The new Public Sector Guideline 8 <i>Purchased intangibles</i> is effective for fiscal years beginning on or after April 1, 2023 with earlier adoption permitted. • The guideline allows public sector entities to recognize intangibles purchased through an exchange transaction. The definition of an asset, the general recognition criteria and GAAP hierarchy are used to account for purchased intangibles. • Narrow scope amendments were made to PS 1000 <i>Financial statement concepts</i> to remove the prohibition to recognize purchased intangibles and to PS 1201 <i>Financial statement presentation</i> to remove the requirement to disclose purchased intangibles not recognized. • The guideline can be applied retroactively or prospectively.
Public Private Partnerships	<ul style="list-style-type: none"> • The new standard PS 3160 <i>Public private partnerships</i> is effective for fiscal years beginning on or after April 1, 2023. • The standard includes new requirements for the recognition, measurement and classification of infrastructure procured through a public private partnership. • The standard notes that recognition of infrastructure by the public sector entity would occur when it controls the purpose and use of the infrastructure, when it controls access and the price, if any, charged for use, and it controls any significant interest accumulated in the infrastructure when the public private partnership ends. • The public sector entity recognizes a liability when it needs to pay cash or non-cash consideration to the private sector partner for the infrastructure. • The infrastructure would be valued at cost, which represents fair value at the date of recognition with a liability of the same amount if one exists. Cost would be measured in reference to the public private partnership process and agreement, or by discounting the expected cash flows by a discount rate that reflects the time value of money and risks specific to the project. • The standard can be applied retroactively or prospectively.

Appendix: Upcoming changes to accounting standards

Standard	Summary and implications
Concepts Underlying Financial Performance	<ul style="list-style-type: none"> • The revised conceptual framework is effective for fiscal years beginning on or after April 1, 2026 with earlier adoption permitted. • The framework provides the core concepts and objectives underlying Canadian public sector accounting standards. • The ten chapter conceptual framework defines and elaborates on the characteristics of public sector entities and their financial reporting objectives. Additional information is provided about financial statement objectives, qualitative characteristics and elements. General recognition and measurement criteria, and presentation concepts are introduced.
Financial Statement Presentation	<ul style="list-style-type: none"> • The proposed section PS 1202 <i>Financial statement presentation</i> will replace the current section PS 1201 <i>Financial statement presentation</i>. PS 1202 <i>Financial statement presentation</i> will apply to fiscal years beginning on or after April 1, 2026 to coincide with the adoption of the revised conceptual framework. Early adoption will be permitted. • The proposed section includes the following: <ul style="list-style-type: none"> • Relocation of the net debt indicator to its own statement called the statement of net financial assets/liabilities, with the calculation of net debt refined to ensure its original meaning is retained. • Separating liabilities into financial liabilities and non-financial liabilities. • Restructuring the statement of financial position to present total assets followed by total liabilities. • Changes to common terminology used in the financial statements, including re-naming accumulated surplus (deficit) to net assets (liabilities). • Removal of the statement of rereasurement gains (losses) with the information instead included on a new statement called the statement of changes in net assets (liabilities). This new statement would present the changes in each component of net assets (liabilities), including a new component called “accumulated other”. • A new provision whereby an entity can use an amended budget in certain circumstances. • Inclusion of disclosures related to risks and uncertainties that could affect the entity’s financial position. • The Public Sector Accounting Board is currently deliberating on feedback received on exposure drafts related to the reporting model.

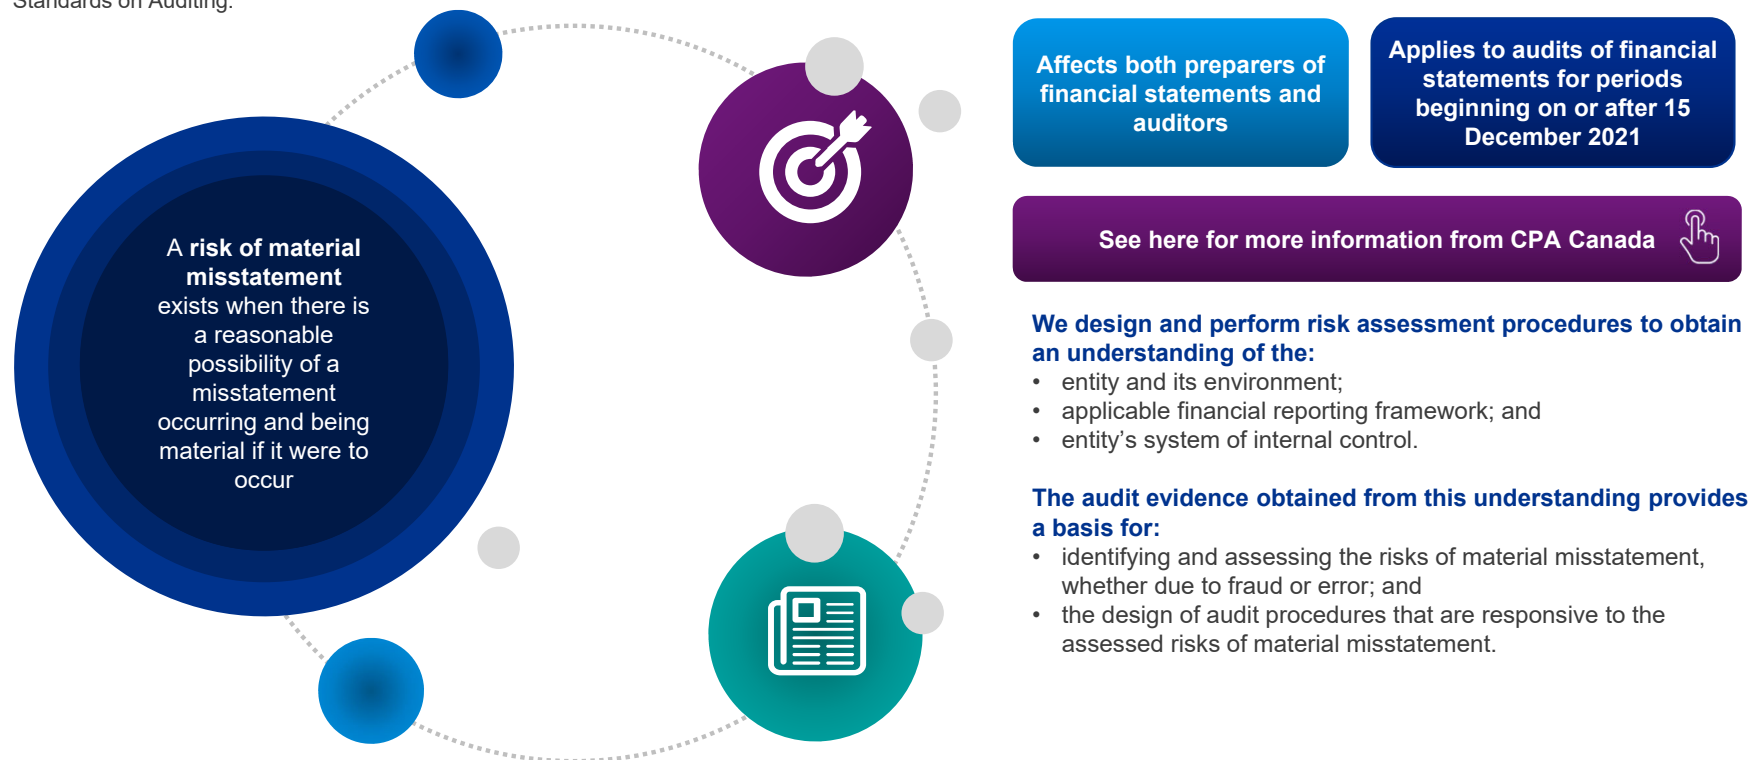

Appendix: Upcoming changes to accounting standards

Standard	Summary and implications
Employee benefits	<ul style="list-style-type: none"> The Public Sector Accounting Board has initiated a review of sections PS 3250 <i>Retirement benefits</i> and PS 3255 <i>Post-employment benefits, compensated absences and termination benefits</i>. The intention is to use principles from International Public Sector Accounting Standard 39 <i>Employee benefits</i> as a starting point to develop the Canadian standard. Given the complexity of issues involved and potential implications of any changes that may arise from the review of the existing guidance, the new standards will be implemented in a multi-release strategy. The first standard will provide foundational guidance. Subsequent standards will provide additional guidance on current and emerging issues. The proposed section PS 3251 <i>Employee benefits</i> will replace the current sections PS 3250 <i>Retirement benefits</i> and PS 3255 <i>Post-employment benefits, compensated absences and termination benefits</i>. It will apply to fiscal years beginning on or after April 1, 2026. Early adoption will be permitted and guidance applied retroactively. This proposed section would result in public sector entities recognizing the impact of revaluations of the net defined benefit liability (asset) immediately on the statement of financial position. Organizations would also assess the funding status of their post-employment benefit plans to determine the appropriate rate for discounting post-employment benefit obligations. The Public Sector Accounting Board is in the process of evaluating comments received from stakeholders on the exposure draft.
Government not-for-profit strategy	<ul style="list-style-type: none"> The Public Sector Accounting Board has approved its government not-for-profit (“GNFP”) strategy implementation plan. The approved strategy option is to incorporate the PS 4200 series of standards with potential customizations into public sector accounting standards. This means reviewing the existing PS 4200 series of standards to determine if they should be retained and added to public sector accounting standards. Incorporating the updated or amended PS 4200 series standards in public sector accounting standards would make the guidance available to any public sector entity. Accounting and/or reporting customizations may be permitted if there are substantive and distinct accountabilities that warrant modification from public sector accounting standards.

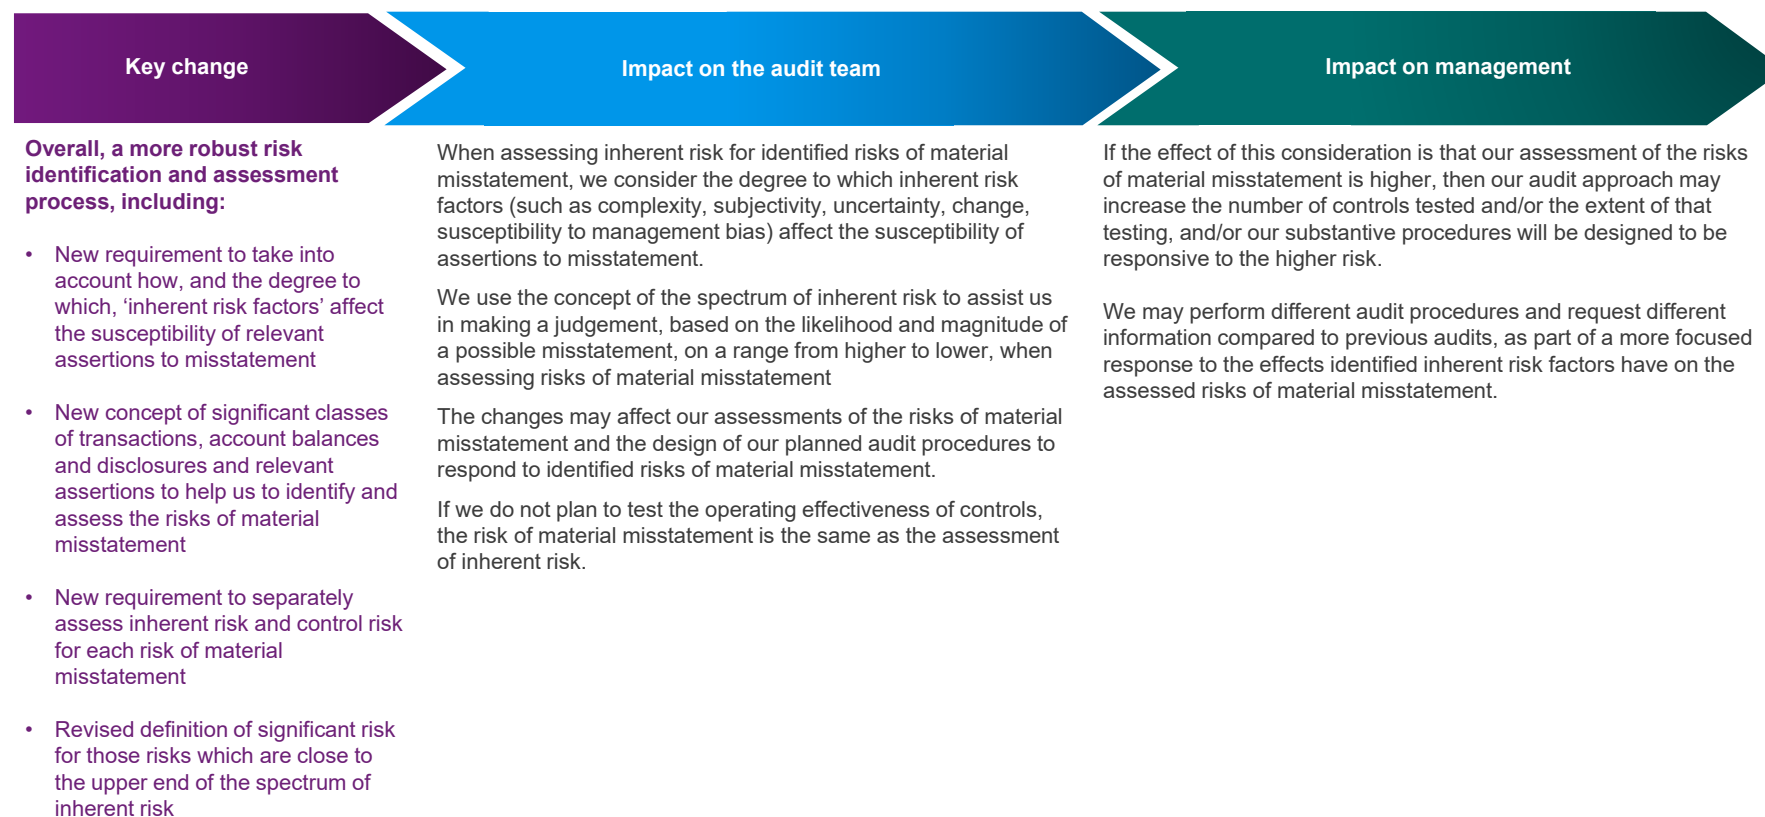

Appendix: Newly effective changes to auditing standards

CAS 315 (Revised) Identifying and Assessing the Risks of Material Misstatement has been revised, reorganized and modernized in response to challenges and issues with the previous standard. It aims to promote consistency in application, improve scalability, reduce complexity, support a more robust risk assessment and incorporate enhanced guidance material to respond to the evolving environment, including in relation to information technology. Conforming and consequential amendments have been made to other International Standards on Auditing.

Appendix: Newly effective changes to auditing standards

Appendix: Newly effective changes to auditing standards

Key change	Impact on the audit team	Impact on management
<p>Overall, a more robust risk identification and assessment process, including evaluating whether the audit evidence obtained from risk assessment procedures provides an appropriate basis to identify and assess the risks of material misstatement</p>	<p>When making this evaluation, we consider all audit evidence obtained, whether corroborative or contradictory to management assertions. If we conclude the audit evidence obtained does not provide an appropriate basis, then we perform additional risk assessment procedures until audit evidence has been obtained to provide such a basis.</p>	<p>In certain circumstances, we may perform additional risk assessment procedures, which may include further inquires of management, analytical procedures, inspection and/or observation.</p>
<p>Overall, a more robust risk identification and assessment process, including performing a 'stand back' at the end of the risk assessment process</p>	<p>We evaluate whether our determination that certain material classes of transactions, account balances or disclosures have no identified risks of material misstatement remains appropriate.</p>	<p>In certain circumstances, this evaluation may result in the identification of additional risks of material misstatement, which will require us to perform additional audit work to respond to these risks.</p>

Appendix: Newly effective changes to auditing standards

Key change	Impact on the audit team	Impact on management
<p>Modernized to recognize the evolving environment, including in relation to IT</p>	<p>New requirement to understand the extent to which the business model integrates the use of IT.</p> <p>When obtaining an understanding of the IT environment, including IT applications and supporting IT infrastructure, it has been clarified that we also understand the IT processes and personnel involved in those processes relevant to the audit.</p> <p>Based on the identified controls we plan to evaluate, we are required to identify the:</p> <ul style="list-style-type: none"> IT applications and other aspects of the IT environment relevant to those controls related risks arising from the use of IT and the entity's general IT controls that address them. <p>Examples of risks that may arise from the use of IT include unauthorized access or program changes, inappropriate data changes, risks from the use of external or internal service providers for certain aspects of the entity's IT environment or cybersecurity risks.</p>	<p>We will expand our risk assessment procedures and are likely to engage more extensively with your IT and other relevant personnel when obtaining an understanding of the entity's use of IT, the IT environment and potential risks arising from IT. This might require increased involvement of IT audit professionals.</p> <p>Changes in the entity's use of IT and/or the IT environment may require increased audit effort to understand those changes and affect our assessment of the risks of material misstatement and audit response.</p> <p>Risks arising from the use of IT and our evaluation of general IT controls may affect our control risk assessments, and decisions about whether we test the operating effectiveness of controls for the purpose of placing reliance on them or obtain more audit evidence from substantive procedures. They may also affect our strategy for testing information that is produced by, or involves, the entity's IT applications.</p>
<p>Enhanced requirements relating to exercising professional skepticism</p>	<p>New requirement to design and perform risk assessment procedures in a manner that is not biased toward obtaining audit evidence that may be corroborative or toward excluding audit evidence that may be contradictory. Strengthened documentation requirements to demonstrate the exercise of professional skepticism.</p>	<p>We may make changes to the nature, timing and extent of our risk assessment procedures, such as our inquires of management, the activities we observe or the accounting records we inspect.</p>

Appendix: Newly effective changes to auditing standards

Key change

Clarification of which controls need to be identified for the purpose of evaluating the design and implementation of a control

Impact on the audit team

We will evaluate the design and implementation of controls that address risks of material misstatement at the assertion level as follows:

- Controls that address a significant risk.
- Controls over journal entries, including non-standard journal entries.
- Other controls we consider appropriate to evaluate to enable us to identify and assess risks of material misstatement and design our audit procedures

Impact on management

We may identify new or different controls that we plan to evaluate the design and implementation of, and possibly test the operating effectiveness to determine if we can place reliance on them.

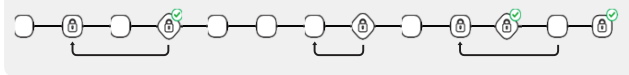

We may also identify risks arising from IT relating to the controls we plan to evaluate, which may result in the identification of general IT controls that we also need to evaluate and possibly test whether they are operating effectively. This may require increased involvement of IT audit specialists.
