

School Vaccines Reporting

Fax information to: 519-663-0416
(Alternative: call 519-663-5317)

Physicians and Health Care Providers:

Meningococcal ACYW-135, Hep-B (adult dose) and HPV vaccines have been provided for you to have on hand to administer to eligible patients in your practice. To order more vaccine, the health unit must be notified about who received previously ordered doses. This helps to monitor the usage of the vaccine, keep accurate records and decrease duplicate dosing. Please send in this form once your doses have been given, OR monthly, whichever comes first.

Health Care Provider stamp or label:

Please provide patient information labels (including name, DOB, health card number):

Vaccine(s) given: _____
Lot #: _____
Date vaccine given: _____

Vaccine(s) given: _____
Lot #: _____
Date vaccine given: _____

This information is being collected confidentially for the purposes of compliance with the Immunization of School Pupils Act, R.R.O 1990, Reg.645 (as amended), to run effective school vaccine programs and to use publicly funded vaccine appropriately. The information will be entered into the Provincial Panorama immunization database. If you have questions about the collection of this information, please contact the Vaccine Preventable Diseases Manager, 519-663-5317 ext.2330.
